5. Net general expenses

Net general expenses in the first nine months of 2014 amount €14.5 million; the reduction of €3.4 million compared to the first nine months of 2013. These expenses include the notional cost of the EXOR stock option plans for approximately €2.4 million (€3.5 million in 2013). Additional details are provided on capital issued and reserves attributable to owners of the parent in the following table. Details of the main items of net general expenses are as follows:

- 9 months to September 30
- Salaries and other costs relating to directors
- Operating expenses, net of revenues and cost recoveries
